To,
The Secretary to the Government of Madras,
Home Department, Fort St. George, Madras.

Sir,

Ref:- You letter No. 38565 C/46-1 dated the 26th
November 1946.

Will you kindly let me have information on the following points to enable me to reply to the above reference.

1. Whether the inquiry is to be in the nature of a judicial or a mere departmental investigation?.
2. Is it to be public or not?. Is it proposed to give power to take legal evidence?. Will it be produced?.
3. Is the inquiry to be against a single individual or a number of persons?. If the latter, is it to be a joint enquiry?.
4. How will the parties be represented in the inquiry?.
5. Where is the inquiry to be held?. Can it be held in Madras?. If so will the Government provide the necessary accommodation besides the staff and other facilities?.

Amangam...

Sir,

JAILS - Alipuram Jail, Bellary - Lathi charge on
political prisoners in 1942.

The Govt. propose to have an enquiry conducted
regarding the alleged lathi charge on political prison-
ers in the Alipuram Jail, Bellary, on 14.9.1942; but
before doing so, they would like to have full details
relating to that incident. As it has been suggested
that you are in a position to give ~~an account~~ ^{particulars} of that
incident, I am directed to request you to forward at
an early date a statement of what all you know with
details to which you can testify.

Statement relating to the
Lathi Charge on political prisoners
of Aliburam Jail in 1942.

After our Kanji (the morning diet
for 'C' class prisoners) some of us
were sitting outside in groups
engaged in discussions or in friendly
discourses. Some were in the blocks.

After an hour or so, there
arose the roar of the whistles ~~from~~
outside. A number of warders rushed
into the blocks whistling, shouting and

fell on us mercilessly waving their
lathis with an unfettered liberty.

Our comrades, outside, were ruthlessly
smashed. The whole jail was led to
chaos and terror. Military was also
brought and they were quite prepared
with their - Cannons.

It was a surprise (anxiety)
why the lathi charge was for ~~nothing~~.

I heard from some of my comrades
that when Mr. Krishnaji a copinwar
(who was sitting outside along with
his comrades), who was asked by a ward
with rough tongue to attend the file
(it was a day for file), wanted the
warder not to be rough, the warder

But the very presence of Military, exactly on the eve of Lathi charge, indisputably infers that the Superintendent of the Jail, ~~solely~~ responsible who thought of it previously was solely responsible.

Respected Sir,

I request you to please conduct a public inquiry as to why the jail-officials of the Alipuram camp jail, had resorted to severe lathi charge on September 14, 1942 between 6-30 A.M. to 7-0 A.M.

The lathi charge was purely ^{unprovoked} ~~unprovoked~~ and the jail officials had committed excesses, by indiscriminate beating of the political prisoners, in ~~all~~ which I have sustained a double compound fracture on the left thigh and left hand wrist. I was left uncured for until 23th on which date I was X-rayed and on 26th I was bandaged. I have medical evidence to prove the above facts. The brutality and the callousness of the officials in the Alipuram jail, Bellary, was quite unsurpassed in the annals of ~~past~~ history. I request you to please arrange for a public enquiry and took the offenders to justice.

Even now, I am victim to the aforesaid — injuries and I could not execute my duties to the best advantage due to this fact.

Thanking you in anticipation of the redressal of this public grievance, & which can only be done by the conducting of a public enquiry by Non-officials of reasonable repute

Details of lathi charge on 14.9.42 in the Alipuram camp Jail, Bellary, block 16.

:-

Myself and twelve of my friends were arrested on 27.8.42 in connection with the picketing opposite to the Vizianagaram Rajah's College. We were sentenced to 4 months R.I and placed in C class. We stayed in the C.J., Vizag for a few days. On 4.9.42, we were transferred to the Alipuram Jail, and accommodated in block 16. One of us was a B class prisoner and the remaining twelve others C class.

On 13.9.42, an incident occurred, namely, an Andhra and a Tamilian political prisoners were talking under the shade of a tree outside the jail some private matters. The Warder ordered them to go inside the jail and abused them, but the Reserve Deputy Jailor intervened, apologised for the behaviour of the warder and patched up the affair.

On 14.9.42, Vinayaga Chaturti Day, we got up early in the morning, finished our ablutions, took the morning kanji etc. I and three of my friends were reading Bhagavat Geeta.

In the meanwhile, we heard the sound of whistles for two or three minutes and heard the sound of boots for one or two minutes. Our friend Ranganatham crying loudly 'Lathi Charge is going on', 'Remain in your places', rushed into our block. Myse and my friends Govinda Rao, H.N. Narayana Sastri and Ponnayya sat at a place.

In the meanwhile, 40 warders and the Jailor entered our room. Prisoners who were standing, running about with fear drying their clothes were beaten severely, unjustly and heartlessly. This beating was similar to the beating of buffaloes, pigs with lathis having at one end iron coverings. Some hundreds of these lathis were broken into small pieces. Everywhere whistles were blowing, people were crying and weeping. Warders who had special grudges wreaked their vengeance. One Chelakani Appa Rao was crowded by four or five warders and received 40, 50 strokes. *Proof* Sign for this, Suryanarayana (East Godavari) sitting, leaning on the opposite wall received 20 to 30 severe strokes. *Proof* Many others received 20-30 strokes.

My friend Ponnayya received a severe injury near his ear. I received on my left hand, left leg, two severe lathi injuries. Friend Satyanarayana Sastri received two severe injuries on his knee (his leg till now is a bit lame). Poor friend Govinda Rao in anxiety and in great fear was unable to sit. Every warder who went by his side ~~gave~~ gave him a blow. He received many lathi injuries.

Not one among us 12, failed to receive one or two lathi strokes. Especially Devulapalli Satyanarayana while trying to enter into the block, found the Supdt. near the High Gate, waiting like God. He received a serious injury on the head. The Supdt. ~~also~~ beat with his lathi all the prisoners who tried to enter the block.

Lathi charge went on for half an hour. *Proof* By that time whistles were stopped. (during the lathicharge whistles were blowing). Warders cried out 'file, file'. Anxiously taking hats, badges and medical charts we went inside and stood in file. By that time we went inside the block, 25 to 30 Armed Reserve Police with guns stood opposite to us. We had no strength to stand in file. We felt as if we were swooning. At that stage, some cruel warder came near us like the servants of Yama. They asked us to sit ~~and~~ stand and made us to do ~~in~~ kunjis. This is a very great injustice. *Proof* My poor friends were unable to sit or stand. They were beaten by the warders and made to stand and sit as the case may be. This is the peak of fearful atrocities.

After this was over, ~~we~~ we were ordered to go into the block. After ~~we~~ we entered the block, my left

2-

knee became swollen. My left wrist appeared broken and hung loosely like drum stick. Bharathan, a Malayalee friend entered the block and tied a wet cloth round my hand. After some time, unable to bear the pain, I went to the hospital. While going, I saw pools of blood here and there. I saw also broken lathis ~~lathis~~, broken to shreds and pieces of lathis having iron covering. In a sandy place, before the block, there were small pools of blood. By the time, I went near the hospital veranda, I swooned due to inertia. ^{Somebody} ~~Somebody~~ came, poured something down my throat and tied bandages round my knee and wrist, carried me to my block and placed me on my bed.

On the day of lathi charge, there were 200 prisoners in the block and 180 of them were beaten with lathis. 60, 70 of them were received serious injuries. The heads were broken, noses were cleft, ears ~~and~~ ~~and~~ were cut and legs and hands were fractured. *The legs of* Krishnajeo Rao (Andhra, Vizagapatam), Kandaswami (Tamilian brother), ~~the~~ ~~the~~ the legs of those two were pounded to pieces.

We do not know that lathi charge would be ordered on that day. We do not know why the lathi charge was ordered that day and were ignorant of the reason afterwards also. This lathi charge seems to have been the result of intimidation of prisoners to prevent them from committing mutiny. Undoubtedly it can be said that Mr. Howe took the initiative and preplanned the lathi charge. For ordering the lathi charge ~~the~~ calling the reserve police on that day is certainly preplanned as no incident warranting that occurred previously.

But the lathi charge was not spontaneous. It was not as a result of abnormal circumstances, which occurred at that time. It was previously thought over. Necessary bundobast ~~with~~ ~~with~~ arranged, reserve police were called, the auspicious hour was fixed, some minor incident was instigated with the prisoners and the devilish deed committed. There is no doubt in this, no falsehood also.

Before the lathi charge, two warders came to the spot. They abused ~~and~~ Krishnajeo and Kandaswami, who were warming themselves on account of the cold to go into the file. They replied 'Yesterday also the same thing happened. Why to day also this farce and abuses'. After they asked, the warders lifted their lathis to beat them, the prisoners seized the lathis and tried to prevent them by beating. In the meanwhile the warders blew their whistles. Even ~~the~~ before their whistles were blown, the Supdt., Jailor, Deputy Jailor, Reserve Deputy Jailor, Medical Officer, Remission Clerk, Superintendent's car driver, Head Warders, Warders, all came rushing to the block, beating prisoners. Poor Krishnajeo was beaten till he fell down. His clothes were all torn. This was not cared and the beating was continued till he fell down unconsciously. From that day till he was released, poor Krishnajeo was in the jail hospital. Even to-day, his leg was not completely cured. He was beaten very severely.

From the above incidents, it can be concluded that on account of a minor incident, the lathi charge was prearranged.

After this was over, for some time saying that the I.G., Mr. Gill was coming, they formed a file. We stood in the front of that file. When we were asked whether we had anything to represent, each prisoner wanted to interview for 15 to 20 minutes. How can it be possible to grant the I.G. ~~and~~ questioned. We replied that we had a common grievance and the most important of all was the lathi charge on 14.9.42. He wanted two or three representatives from the block to discuss with him in the office. One of the representatives was myself. The lathi pieces, iron coverings were carefully preserved without detection by the jail authorities by some of my friends. I carried these things in my trouser pocket. As soon as I went into office, when the I.G. called me, I placed those things on the table. The Supdt., and Jailor were perplexed, but the I.G. laughed. Yes! I will enquire about this, the I.G. said. That was over. Nothing happened. We do not know whether the enquiry was started or not.

Government Secretary.

Letter from A. Simmachalam, Congress Worker, Vizianagaram,
with reference to letter No. 38565 dated 24.2.47.

10.31 am
Sir,

After the Congress Ministry took charge, we were expecting them to enquire into the lathi charge on political prisoners, in the Alipuram Jail, Bellary in 1942. Previous to this lathi charge, we experienced another lathi charge in 1932 in Bellary Jail. But this was not so cruel as the Alipuram one. In 1932, the lathi charge was made for a longer time. They entered the blocks and beat the prisoners, they pulled them from the cells and beat them. But this was not so very inhuman and atrocious.

Monday, 14.9.42 was a file day. It was Vinayaga Chathurthi also. Expecting some further preparations, we drank Kunji early in the morning, arranged ourselves for the file and seated ourselves in the blocks. Before the Superintendent came, the warders used to inform us and we used to stand in a line. We thought this would happen that day also. But in a short time we heard whistles blowing. In agitation we sat where we were. The Jail authorities entered the block, beating stragglers outside the jail. Catching hold of the lathis in both the hands they began to beat us. This went on till they got tired. When the lathis broke, they beat with belts. Prisoners, who complain in the previous file were beaten with special attention. The condition of people by the Superintendent was very fearful. If the Superintendent beat, atleast 10 lathis used to break. He never used to leave even if bones were broken or blood flowed. People who sat unable to bear the beating were lifted up by the legs and were beaten. Even old men did not escape. Getting tired of beating them for half an hour, the Supdt. left it.

In this lathi charge, pieces of lathis, which were broken were removed and the metal casings were also removed. Bits of these, which fell in the corners, were carefully collected by us and shown to the Inspector General when he came for the inspection. After the lathi charge, we were asked to stand in file and were forced to do atleast 25 Kunjis. People, who were unable to do them, were struck with lathis.

We were not able to guess the reason for beating us, who were sitting peacefully, expecting to stand in the file. The previous evening, the jailor made a warder who scolded a prisoner apologise for his conduct. We were thoroughly taken back on the lathi charge, which we thought was due to that incident. The lathi charge was we understood later made for our mutiny to stand in file. If we revolted, atleast there would be only some jail authorities. For that block there was a small gate. If that was closed and we got out of the block, we would have met the Reserve Police, who were standing with their rifles. (Do or die) would have been our fate. That day we showed the greatest patience and it saved us.

One fact was certain. During the evening after lock-up, we ~~would~~ ^{used} to discuss many things. Once, one of two of us began to discuss about our file. The file was intended to make redress of the grievances of prisoners. If the Supdt. does not hear our grievances, what was the reason for standing in the file. But we vetoed this and resolved to stand in file. This occurred long before the lathi charge. That is all.

The Superintendent was a pucca European. To make people afraid of the jail, he might have done this cruelty. That this was premediated by him, was proved. Otherwise, if persons refused to stand in the file only, he can call for the reserve.

But why should he keep ready the reserve and lathis and warder staff.

The most important thing of all was the part played by the Medical Officer in the lathi charge. For the favour of a ~~xxxxxxx~~ white man, we never expected him to behave in such a mean fashion. On account of that only, most of us received serious injuries and ~~xx~~ did not attend the hospital. Due to the breakage of bones, some prisoners could not but attend the hospital. Jai Hind.

Details of the incident, which occurred in 1942 in the Alipuram Camp Jail.

To Madras Provincial Government,
Madras.

I am sending herewith my statement regarding the lathi charge on 14th September 1942 in the Alipuram Jail, Bellary.

The lathi charge was made on Monday. On the previous day, Sunday evening, the Jail Superintendent and the Jailor did not attend office. As usual some people gathered in the evening in the open space near the block and were reading the Bhagavat Geeta after they took their evening meal. Usually we used to go inside just before the lock-up. ~~xxx~~ But that day certain warders came near ~~us~~ with new ideas. They began to abuse us without asking to go inside. That behaviour was strange to us. We said that we do not enter the block unless the warders apologise. In the mean while the Dy. Jailor intervened and told us that neither the Superintendent nor the jailor was in office and that the matter will be taken up in the following day. We were passified and went into the block. This was what happened on Sunday.

The next day, Monday 14.9.42, for some reason they opened our blocks a little bit earlier than usual. We were not able to understand why this happened. We finished our ablutions and became ready for the file. We thought of representing to the Superintendent the previous day incident. As usual some people were sitting in the shade in the open space of the jail, reading the Bhagavat Geeta and some Hindi books. In the mean while, before the file time, suddenly we heard the sound of many whistles outside. We thought this was sign for air raid. Trying ~~from~~ to watch from the railings, what the incident was, we found many warders running towards a block whirling their lathis. They began to cry that lathi charge was going on and that we should sit where we work. But the warders rushed in groups and began to beat us.

Description of the lathi Charge: These warders did not appear to behave like persons trained in lathi charge, but began to beat us like animals and buffaloes. Inhumanly five or six warders began to beat each prisoner. Without seeing where they beat, they beat. They did not leave not even one. At least 3/4ths of the men got their heads cracked. Blood flowed. Some fell down without any strength. In the room opposite to the gate, the conditions of prisoners were inhuman. In the presence of the Supt. he made at least five warders to beat one prisoner. Any man with human tendency would not have allowed that inhuman incident. Without knowing why we were beaten like animals, we were beaten like animals. People near us were beaten at the instigation of the Jailor and the Deputy Jailor. The lathi charge was continued for 20 to 25 minutes. The Jailor cried 'Stop'. But the beating was continued. Nearly 30,40 lathis with iron coverings were converted to powder. Some warders came across me, beat me, left me, came back and beat me again.

After the lathi charge, crying file, file, abusing

who were

poking with the lathis, we were driven outside. The Dorai stood by the gate and began beating each prisoner with his own hand. Outside he made each one of us make kunjis. ~~Some even some of~~ gentlemen did not escape, from being abused (by Howe Dorai). By the time we came out, the armed reserve were standing at attention with the Sergeant. We found the Reserve in the morning ~~in~~ but we never expected that it was brought in connection with the lathi charge. Some of us, who did not see the coming of reserve in the morning were astounded to see it. When we were thrown out by the warders and beaten by them, the Jail Medical Officer also behaved like a Police Officer. He made fun of them for not beating strongly. He abused some of them. Even though he is a Medical Officer, his behaviour was considered by me to be strange. After blood was flowing from head, some of ~~them~~ became unconscious. He did not allow them into the hospital except 4 persons. Iodine was rubbed on some of them, but they were not bandaged. The condition of prisoners, who received injuries ~~in~~ after 7 or 10 days was indescribable.

After we went into the ward only, we came to know why the lathi charge happened. Particularly from people outside we gathered details of the lathi charge.

Actual Facts: On Monday 14.9.42, before file time, Kandaswami, B. Krishnajeel Rao and others as usual were reading Hindi books. At that time three or 4 warders came, began to abuse them and ask them to stand in file. It is not proper to describe them. Krishnajeel Rao said 'why do you unnecessarily abuse us? Yesterday evening also, why did you scold us unnecessarily?' On that two warders said: 'Are you talking loudly?' The warder lifted his lathi and Krishnajeel Rao caught hold of the lathi to escape from beating. Thereupon the warder blew his danger whistle. The Supdt., who was standing near the block and 20 others including the Jailor and the Deputy Jailor began to blow their whistles and ran here and there. This happened for 3 minutes. This was the beginning ~~that~~ of the lathi charge. There was no reason other than this. Howe Dorai and the Jailor consulted each other the previous evening, brought the armed reserve ready. The Dorai, it was understood stated ~~that~~ to the higher authorities that we were about to revolt and that the armed reserve was necessary. To create dissentment among us, the warders in the previous evening began to scold us. This was thought that this would make ~~that~~ the warders and ourselves ~~will~~ come to blows. But this failed. Again in the morning, he tried the same tactics. On account of that, people outside were beaten. The ~~whole~~ drama was played by him. The examples for this were:-

- 1) the previous day incident,
- 2) making Krishnajeel Rao and others violent by abusing them
- 3) Coming with the polished lathis,
- 4) coming with the armed reserve early in the morning which most of us saw,
- 5) opening the lock-up a little bit earlier than usual.

There are no ~~in~~ other facts necessary except the above 5 incidents.

Personal Remarks: Warders entering the block found myself K.S. Tilak, K. Govinda Rao and others, beat us and forced us to go inside. After the jailors stopped the lathi charge, a Warder beat me two or three times on the left knee, and ~~that~~ the portion round the left knee became swollen ten or fifteen times. After that, due to Howe Dorai making me to do kunjis, the swelling became too much and I was not able to move my leg due to severe pain. The Medical Officer simply ordered the smearing of iodine and ordered me to go inside. With great pain I went inside the ward. After 4 or 5 days after the lathi charge, ~~at the~~ the compounder tied up the wound. But my friends brought me to the hospital and said that medical attention must be given to me. The Medical Officer examined and said 'dislocation' and began to tie up the wound from that date. I remained in bed for three weeks ~~and~~ was unable to move my leg. After 5 weeks only, I was ~~able~~ able to walk. On October 22nd, even though hospital

investigation of the M.O

attention was necessary, I was discharged. Even to-day if I cycle or stand in snow, walk two or three miles, my left leg gives me pain. When I was in the hospital, when Krishnajeel Rao and Kandaswami were X rayed, it was revealed that Kandaswami's leg ~~was~~ sustained a compound fracture and Krishnajeel Rao ~~sustained~~ a fracture.

Representation to the I.G. of Prisons:

That year the I.G. visited the Alipuram Jail, in November. (I do not exactly remember the date). ~~At that time~~ At that time, K.S. Tilak, C.S. Bharatan and P.S. Prakasa Rao on behalf of the political prisoners, took the carefully preserved pieces of wood of lathis, iron pieces placed them before him, explained to him the entire incident and asked him to conduct an enquiry. He agreed to do so, but nothing happened.

Today, when you have taken up the enquiry now, I am very glad, I hope that you will conduct an impartial enquiry into the matter.

Sir,

Your letter and the other two documents are to hand. I feel unpleasant to inform you that I gave my written statement to my friend and requested him to send it to you in March itself. But unfortunately he lost it and I was absent from our place since then. Now I am sending my statement here with. I will be glad if you oblige and acknowledge it.

Yours truly,

HOME DEPARTMENT.

In the resolutions at pp. 3-9 ^{of} ante, the North Vizag. District Congress Committee has ^{made} ~~urged~~ the following requests:-

(1) an enquiry should now be made regarding the lathi charge on political prisoners in the Alipuram Jail, Bellary on 14-9-42;

(2) the conditions of 'C' class prisoners should be improved;

(3) an enquiry should now be made of the circumstances leading to the death of Sri Kallani Ramadoss, and the persons responsible should be punished; and

(4) death sentence should not be imposed on political prisoners and political prisoners sentenced to transportation for life should be released if their conduct in jail is satisfactory.

~~For orders whether any action is necessary. Please see May be lodged with reference to~~ instruction IX of the instructions regarding the submission and receipt of petitions and other papers of the same class and addressed to the Government of Madras.

In order in minute of HM (Law) Jy/KP HM

The lathi charge in question was carried on inside the jail against the prisoners. This was considered one of the

~~Sevent~~

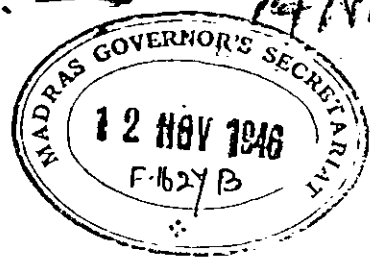

entire attacks on political prisoners in or about 1942.

As this is a specific case at a specific time inside the jail, although it relates to 1942, I consider it necessary that an enquiry should be made into this matter. This matter may be enquired into by Mr. V. Phashyam Iyyengar, Ex-High Court Judge. This attack inside the jail has been talked of so much all these years that it became a proverbial matter. During this assault it is said that one Kallani Ramadass, a prisoner died. The circumstances under which he met with death must be enquired into along with all other incidents.

I think it would be more appropriate for this Dept to write to Mr. Bhashyam Iyyengar. If, however, it is considered that the I.G. should ascertain whether he is willing to take up the enquiry the draft may issue.

The points on page 15 c.f. made by Dewan Bahadur V. Bhashyam Iyengar raise some questions of importance.

✓As regards point (i) it will be remembered that the incident took place in 1942. The Supdt. then in charge of the Alipuram Jail was Mr. Howe. and he has now retired from service and gone to England. If there is a judicial enquiry, the difficulty is now Mr. Howe will be represented in the enquiry. There will be great difficulty in giving him an opportunity to defend himself against any allegations that may be made against him. As regards the other officers also, who might have been concerned in this matter, we do not know how many of them are now in service and how many are not.

3 Considering the fact that the complaint by the North Vizag Dt. Congress Committee is general

This file emanated from the resolutions

passed by the North Vizag. District Congress Committee requesti
inter alia that an enquiry should be made regarding the lathi
charge on political prisoners in the Alipuram Jail, Bellary
(The Salem Taluk Congress Committee has made similar request).
on 14.9.42 and that an enquiry should be made of the circumstan
leading to the death of Sri Kallani Ramadoss. The ex-H.P.M.
minuted that the lathi charge in question was carried on inside
the jail against the prisoners, that this was considered one of
the severe attacks on political prisoners, that as it was a
specific case at a specific time inside the jail, the matter
should be enquired into by Mr. V. Bashyam Iyyangar, Ex-High
Court Judge. He further minuted that during this assault, it
was said that one Kallani Ramadoss, a prisoner died and the
circumstances under which he met with death should be enquired
into along with all other incidents.

2 Sri V. Bashyam Ayyangar, who was addressed by

the Govt. whether he was willing to take up the enquiry. He
raised the following points in that connection.

13-1400.F.

1500.F.

1. Whether the enquiry should be in the nature of a
judicial or a mere departmental investigation?

2. Is it to be a public or not? Is it proposed
to give power to take legal evidence? Will it be produced?

3. Is the enquiry to be against a single individual
or a number of persons? If the latter, is it to be a
joint enquiry?

4. How will the parties be represented in the
enquiry?

5. Where is the enquiry to be held? Can it be held
in Madras? If so, will the Government provide the necessary
accommodation besides the staff and other facilities?

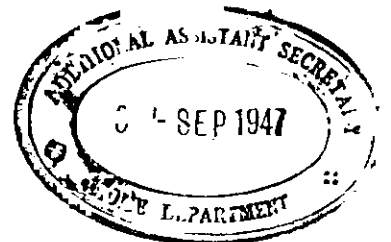

13-4 anti

As regards point 1 above, the ex-Law Ministe
minuted that the enquiry may be only a departmental one, that
in the first place, the Dt. Congress Committee should be
asked to produce such persons who could give evidence before the
enquiring officer, that the Enquiring Officer could come to the
conclusion as to whether any officer or officers ought to be

proceeded against and that in this course is followed, notices ~~may~~ be issued to officers for purposes of making their defence. He further minuted that the enquiry ~~may~~ be ~~held~~ ^{should} be held in Madras that the Govt. ~~will have to~~ provide the necessary accommodation and staff and other facilities to the Enquiring Officer.

3 The Ex-H.P.M. minuted that there need not be two enquiries, that the Dt. Congress Committee may be called upon to furnish full particulars, that the Supdt., Alipuram Jail, Bellary and the I.G. may be asked to furnish the names of jail officials who were in office at the time of the lathi charge, and also the names of all the political prisoners. The North Vizag Dt. Congress Committee has not furnished full particulars re. the incident, but suggested that ^{the} 5 persons ^{named by it} might be asked to furnish the details. The 5 persons namely, Sri K. Punnayya, Sri Krishnajeel, Sri K.S. Tilak, Sri K.S. Sastry and Sri A. Simmachalam have furnished the necessary details. The I.G. has furnished the list of prisoners and jail officials. For orders as to whether the enquiry may now be conducted and if so, the reply that should be given to Sri V. Bhasyam Ayyangar to his letter at p. 15 c.f.
